## Quantrell

He dreams anon of his early life,  
The deadly colt and the bowie knife,  
The blazing house and the burning hut;  
And skulls stoved in by his musket butt,  
The bluegrass high and the canebrake deep,  
And dead men's eyes in their bloody sleep.  
A double team and his precious load,  
A tender maid on the river road,  
The weary ride and the hidden camp,  
The glowing fire and the sentry's tramp;  
The wild alarm to his sleeping men,  
And troopers charging down the glen.  
The clash of steel and the crash of lead  
Then a black robed Nun beside his bed—  
The warning smile on her lovely lips,  
The gentle touch of her finger tips,  
The silent flight and the moment's wait,  
The thoroughbred at the garden gate,  
The white-capped Nun and the girl he met  
On the river road are one, but yet,  
The saddle's safe and the bridle's strong,  
And the stallion gallops all night long.  
A church yard down at the edge of town,  
A soldiers' corpse in the grave let down,  
The chants all sung, and the prayers all said,  
She carves his name o'er the unknown dead.—Pat. King in Louisville Times.

## HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by all druggists.

Mrs. Theorum—"When the legislature meets I am going to ask it to enact a law prohibiting boys under 16 from using tobacco in any form."

Mr. Roughly—"All right, you may. But I am going to hitch an enacting clause on a bedslat and hold it up before my boys."

## For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seltz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free by all druggists.

A Morehead dispatch says: An interesting party left here for the Jamestown Exposition, consisting of 10 grown sons of Abel Caudill with two of their wives. There are 15 children in this family, five girls and 10 boys, all grown, healthy, stalwart; Baptists in religion and Democratic in political views.

## Warning.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. G. L. Penny.

Braun—Besides my daughter's dowry, I advanced my son-in-law \$10,000.  
Good—And did you get anything back?  
Braun—Yes, my daughter.

At Houston, Texas, Judge H. B. Short was arrested while holding court, on an indictment charging him with murder.

## WHEW!

Read this from the Danville Advocate and Cachinnate.

There was a meeting of the stockholders of the Danville, Columbia and Scottsville Railroad Company in the private offices of the Citizens National Bank this morning at 10 o'clock and the following prominent gentlemen were chosen officers: Col. J. S. Allen, President; F. P. Combest, Vice President; M. J. Farris, Treasurer, and A. E. Hundley, Secretary. The Citizens National will be the depository of the enterprise and Danville will be the northern terminus of the road and all offices and machine shops will be located here. The promoters expect to build a 10 story sky scraper for an office building. This building will be equipped with electric elevators, fans and attendants. President Allen will leave this afternoon to close a deal for the sale of \$2,000,000 worth of bonds, the proceeds from which sale will be sufficient money to build and equip the road with the exception of \$250,000, which sum has already been raised. The road will likely pass through Moreland, thence through Hustonville to Liberty, thence to Scottsville into Nashville, penetrating the finest coal and timber lands in the State. From Nashville the road continues east to Chattanooga and thence to Savannah, Georgia. The road has already been built through Georgia. Mr. Allen has just returned from that State and is much pleased with the prospects. W. J. Oliver, of Panama Canal fame, has been awarded the contract to build the Danville-Scottsville line. The total cost of building the road from Danville to Savannah will be \$12,000,000, and the total sum with the exception of \$2,000,000 has been raised and that is absolutely assured. Mr. Allen says trains will be running to Liberty within six months, and Mr. Farris and Mr. Hundley say that the road will be built.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jenkinson, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

A small church was in need of repairs, and a meeting was being held to raise funds for that purpose.

The minister having said \$500 would be required, a wealthy (and equally stingy) member of the congregation rose and said he would give a dollar. Just as he sat down a lump of plaster fell from the ceiling and hit him upon the head, whereupon he rose hastily and called out that he had made a mistake—he would give \$50. An enthusiastic present, forgetful of everything, called out fervently, "O Lord, hit him again!"

Two duelists were taking the early morning train for Fontainebleau, their place of meeting.

"A return ticket," said the first duelist to the ticket agent.

"Single for me," said the other man quietly.

"Aha," blustered the other, "you are afraid you won't come back, are you? As for me, I always take a return."

"I never do," said the second man. "I always take my return half from the dead man's pocket."—London Opinion.

## Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakdale Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." G. L. Penny.

A woman in a near-by town announced a "white elephant party." Each guest was told to bring something for which she had no use, but which was too good to throw away.

Vandusen, of Chicago, thought that something was wrong with her wearing apparel, but did not discover the extent of it until she entered a woman's waiting room at the Lake Shore station. Through the rent had dropped \$200 in paper money and \$8,000 worth of jewels.

THE per capita for common schools is this year \$3.40, the largest in the history of the Commonwealth. During the four years of Republican administration, from 1896 to 1900, it averaged \$2.35. For the first four years of Democratic administration, 1900 to 1903, the per capita averaged \$2.46, and increase of 11 cents. For the second four years, 1904 to 1907, it averaged \$3.23, an increase over the preceding four years of 75 cents, and over the four years of Republican administration of 87 cents. In addition, the Democratic administration of 1900 had to pay a deficit left by the Bradley administration in the School Fund of \$147,657.28, and the Republican State Superintendent of that year deserted his office without making his annual report.

THE cost of saving souls is steadily rising. In one Southern city the necessary sums \$62.50, when 20 years ago it was only \$28. In Louisville the cost is \$55; in New Orleans \$78. In Boston the cost is no less than \$450, in New York \$545, and in Indianapolis \$620! In rural districts it is much less; in Georgia, for example, it is only \$19. What is the cause of this? Is it because the world is growing worse?

IN view of the fact that Harrison county is dry, the medical society has pledged itself strictly to that part of the law which says, that a prescription shall be written only when such liquor is absolutely required as a medicine. That's right. When the majority speaks let everybody acquiesce and help enforce the law.

IT is under Democratic administration that a County-unit local option law went upon the Kentucky law books. Public sentiment forced the Republican convention at Louisville to recognize it, and that body went upon record as weakly endorsing it.

IT is under Democratic administration that a new Kentucky Capitol is being erected, and without imposing any additional burden upon the taxpayers of the State. Another reason why democrats should be kept in power.

JUDGE M. C. SAUFLEY, of this city, was re-elected second vice-president of the organization of Morgan's Men at the reunion held at Parks Hill—a compliment worthily bestowed.

## A Sad State of Affairs.

Mother's at the seashore.

Sister's gone away.

Brother Bill is catching perch.

Out there in the bay.

Every one is happy.

Having lots of fun;

'Cepting Dad, who never will

Get the dishes done.

Heaped up in the kitchen,

All the dishes stand;

All the common china.

All the Haviland.

Mother's been away a month.

Dad has used them all,

Now he's eating off the plates

That decorate the wall.

Mother, mother, hurry,

Come back from the shore;

Dad can only find enough

Plates for two meals more.

He is up against it.

While you stay away,

Now he's eating breakfast food

From the large ash tray.

He will not wash the dishes—

He piles them in the sink;

If you could only see them now,

I wonder what you'd think.

Oh, hurry, mother, hurry,

Come back to us to-day,

For father hasn't washed a dish

Since first you went away.

Gov. Campbell, of Texas, recently  
addressed 10,000 farmers at Willsport,  
Texas. The New York Herald quotes  
the governor as saying: "If a horse  
thief gets into another State I can issue  
a requisition and bring him back, but to  
secure the return of a trust magnate  
charged with perjury it is necessary to  
employ lawyers, and I will spend every  
dollar the people will give me to spend  
to make Henry Clay Pierce come back  
to Texas and stand trial." Gov. Camp-  
bell said Texas anti-trust laws, severe  
as they are, are not severe enough. He  
will not seek the repeal of any of them.

## The Limit of Life.

The most eminent medical scientists  
are unanimous in the conclusion that  
the generally accepted limitation of  
human life is many years below the uti-  
lization possible with the advanced  
knowledge of which the race is now  
possessed. The critical period, that  
determines its duration, seems to be  
between 50 and 60; the proper care of  
the body during this decade cannot be  
too strongly urged; carelessness then  
being fatal to longevity. Nature's  
best helper after 50 is Electric Bitters,  
the scientific tonic medicine that  
rejuvenates every organ of the body.

don't your wife order you a round?"

"Why don't my wife order me

## A Song of the Road.

I lift my cap to Beauty,

I lift my cap to Love;

I bow before my Duty.

And know that God's above.

My heart through shining arches

Of leaf and blossom goes;

My soul triumphant, marches

'Trough life to life's repose.

And I, through all this glory,

Nor know nor fear my fate—

The great things are so simple,

The simple are so great!
